CANVAS HOUSE

Located in Buckhurst Street, South Melbourne, Canvas House is a unique warehouse space designed specifically for those looking for a distinctive and beautiful experience.

Set over 620sqm it has the features of a warehouse that we love, high ceilings, exposed trusses, beautiful polished concrete floor and exposed brick walls. Yet unlike most warehouses Canvas House creates a sense of warmth and home.

From the timber panels that rest against the whitewashed brick walls, to the suspended fireplace that welcomes you in like an old friend, Canvas House will have your guests instantly at ease.
