PENINSULA

THE SCENE STEALER

That chandelier. It's 66 metres long - the longest in the Southern Hemisphere (not that we're comparing) and it's guaranteed to impress the most discerning of guests.

Inspired by London's Tate Modern Museum, the space features 9 metre high ceilings, floor to ceiling windows and a sophisticated neutral colour palette ready to be stamped with your own personal style.

The possibilities are endless. If you have big ideas or wild dreams this space is where we can make them happen. With a capacity to seat 1480 guests, this space is one of the largest in Victoria. But don't be intimidated by the size; while Peninsula is expansive, it still retains a welcoming elegance.

MAIÀ

THE TREND SETTER

Pared back, rustic and striking. MAIÀ is the perfect union of the modern and the historic. It's industrial without being cold. Raw but still sophisticated.

With original loading doors, hand etched wooden floorboards, and a cathedral style ceiling, the space is equally impressive when left pared back as it is when styled.

The perfect balance of old and new makes this space adaptable and complimentary to all grand plans.

THE LOVER OF LUXURY

As decadent as a black forest chocolate cake and just as lavish. Sketch is unquestionably a memorable venue. Rich purple and black tones give the space a distinctly dramatic feel, while crystal chandeliers from Milan and crockery and cutlery from Spain emphasize that no expense has been spared.

Views? This venue has one you should see. Located at the end of the historic Dockland's runway, Central Pier, floor to ceiling windows offer a stunning outlook over the water towards the city.
